Dear Class of 2011,

Well, you've reached the end of the first leg of your life's journey. With your public education behind you, what will you do with your talents and your finely honed skills? Your family, your friends, your communities, and our world are all anxiously awaiting your contributions and eagerly anticipating how your special qualities will enhance our collective experience.

Is this pressure? No, rather it is acknowledgement of how competent you have become and of how promising the future for each of you looks. We selfishly see benefit for ourselves in your development, as well as a modicum of pride in the fine job done by your parents and teachers in leading you to this point.
As you grow and expand your influence on the world around you, please remember the family, friends, and teachers you have encountered during your formative years. Understand the pride and affection those you leave behind in Manchester and Essex share for your accomplishments and for the fine young men and women you have become. Challenge the world with this knowledge as your foundation. Regardless of your immediate success or failure, you have a base of support that cares for you and seeks nothing but your continued health and happiness.

Class of 2011 the door has opened and the world awaits you. Embrace all the opportunities that will now be presented to you, and will yourself to explore all that is available to you and your substantive abilities. Give to our collective what you have to offer so that all can enjoy the benefits of who you are, of what you are capable, and of who you will become.

Congratulations
Principal James Lee

The Class of 2011 Dedicates this Book to

Mr. Keith Gray

Most of us have had the joy of being in Keith Gray's class at some point in our high school career. No one will ever forget the experiences that they had in his class, which ranged from turning pennies gold to lighting things on fire to having our first sips of Moxie. Mr. Gray has been an amazing teacher, a wise advisor, a weatherman, and even a good friend to many of us. We will all miss Mr. Gray's extremely fun chemistry labs and his enjoyable sense of humor; however, we all know that we will always be welcome back in his classroom. Mr. Gray, you have positively affected each of our lives, and we all want to thank you for that.

Love,
The Class of 2011

To our Class Advisor Señor Magers

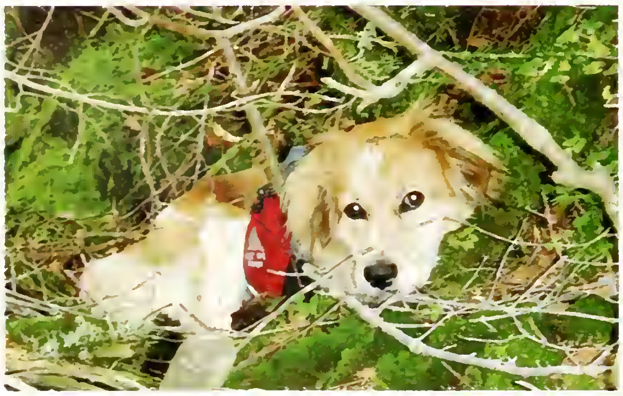
The class of 2011 would like to thank Señor Magers for all that he has done over the past four years. He has been everything from a teacher to a mentor to a friend. His high-energy, crazy personality and commitment to our class and the Green Team has made him our ideal advisor.

Señor Magers is someone we can look up to as well as relate to, and he has made our high school experience so much better.

Without his leadership, excitement, and innovative ideas our class would not be the close family we are today.

Thank you for all that you have done for us and you will remain in our hearts forever.

Love,
The Class of 2011



The Show Goes On
Lupe Fiasco

Alright, already the show goes on
Alright, till the morning we dream so long
Anybody ever wonder, when they would see the sun up
Just remember when you come up
The show goes on!
Alright, already the show goes on
Alright, till the morning we dream so long
Anybody ever wonder, when they would see the sun up
Just remember when you come up
The show goes on!

Have you ever had the feeling that you was being had
Don't that stuff make you mad
They treat you like a slave, with chains all on your soul,
And put whips up on your back,
They be lying through they teeth
Hope you slip up off your path
I don't switch up I just laugh
Put my kicks up on they desk
Unaffected by they threats then get busy on them
See that's how that Chi-Town made me
That's how my daddy raised me
That glittering may not be gold, don't let no body play me
If you are my homeboy, you never have to pay me
Go on and put your hands up, when times are hard you stand up
L-U-P the man, cause a brand that the fans trust
So even if they ban us they'll never slow my plans up!

Alright, already the show goes on
Alright, till the morning we dream so long
Anybody ever wonder, when they would see the sun up
Just remember when you come up
The show goes on!

One in the air for the people that ain't here
Two in the air for the father that's there
Three in the air for the kids in the ghetto
Four for the kids who don't wanna be there
None for the people trying to hold them back
Five in the air for the teacher not scared to tell those kids thats living in the ghetto that the people holdin back that the World is theirs!
Yeah yeah, the World is yours, I was once that little boy
Terrified of the World
Now I'm on a World tour
I will give up everything, even start a world war
For these ghettos girls and boys I'm rapping round' the World for!
Africa to New York, Haiti then I detour, Oakland out to Auckland
Gaza Strip to Detroit, say hip-hop only destroy
Tell em' look at me, boy!
I hope your son don't have a gun and that would be a D-boy

So no matter what you been through
No matter what you into
No matter what you see when you look outside your window
Brown grass or green grass
Picket fence or barbed wire
Never ever put them down
You just lift your arms higher
Raise em till' your arms tired
Let em' know you're there
That you struggling and survivin' that you gonna persevere
Yeah, ain't no body leavin, no body goin' home
Even if they turn the lights out the show is goin' on!

These have been the fastest 4 years imaginable- full of great memories of music filled bus rides, breakfasts at the beach, Super Big Gulps, Dunks runs, QT's, teacher harassing :), movie-hopping, diners, aimless walking, silly shopping, concerts, sleepovers, pictures, mixed CD's, birthday dinners, car rides, late nights, and most importantly, fabulous friends. I love you all so much, words cannot say. I wouldn't change a thing. <3

Olivia Peterson

"Well in the end we can all call a friend
well that's something I know as true.
And then a thousand years and a
thousand tears
I'll come finding my original crew
cause to me throughout eternity
there's somewhere where you're welcome
to go
I said it's something free that means a lot
to me
when I'm with my friends I feel home."

Good friends we have, oh good friends we've lost along the way

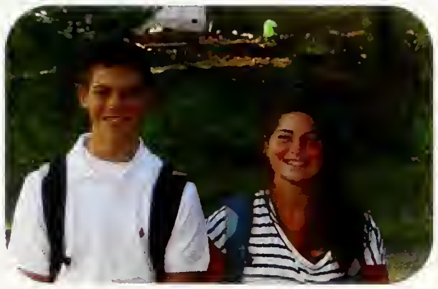
"Never give up! Failure and rejection are only the first step to succeeding."

"To me, there are three things we all should do every day. We should do this every day of our lives. Number one is laugh. You should laugh every day. Number two is think. You should spend some time in thought. And number three is, you should have your emotions moved to tears, could be happiness or joy. But think about it. If you laugh, you think, and you cry, that's a full day. That's a heck of a day. You do that seven days a week; you're going to have something special."



Hannah we are so very proud of you –

To our Beloved Class of 2011

This year has been above and beyond our expectations. We never thought our grade was capable of forming such strong friendships and becoming such a family. It is so sad to see us all going in different directions as we travel across the country for many different reasons. We hope each of you treasure this yearbook as much as we do and we hope it brings back all of the wonderful memories we have created these past four years.We know each of you will succeed in your own special way and we wish each of you the best of luck. Thanks for an unforgettable experience and we love you all!

Love always,
